	1. After I enter in the e-learning platfrom, can I only have access to the training modules in my native language?	sustainability-focused development All courses
	You can enroll in the training modules in all available languages (English, Greek, Croatian, Bulgarian, Estonian, Icelandic and Portuguese) if you wish so. Ask your national contact point to enroll you in the desired languages.	Discussion Forum Click here to enter the online discussion forum for sharing ideas, questionings, proposals.
	2. Where I can find more information on how I can navigate into the e-learning platform?	tor starting racial, questionings, propositis.
	3. What does each training module contain?	Questionnaire for Evaluation of SINTRA E-learning Platform

Your Dashboard is a personalized (for each system user) page, where you can quickly find information about your study, e.g. announcements, events, due dates for assignments, training calendar, etc. Each user can customize the layout and add/remove blocks of the dashboard by clicking the button **Customize this page**

Enter a course

At dashboard in **Course overview** block, you click on the one you wish to enter. The list contains only the courses you are enrolled and a course/system administrator has given access to.

Co-funded by the Erasmus+ Programme of the European Union

Course page

Next page is the main course page. Usually the course page is divided in topics. Each topic contains a sub unit, activities, resources, etc.

Co-funded by the Erasmus+ Programme of the European Union

You click on the title of the activity/resource you want to open/view. The description of each resource is followed by an icon which informs you for the type of the resource.

The available types of resource or activities and the accompanying icons are as follows:

Scorm: The most common learning activity which opens in popup window

Pdf: Extra educational and support material is usually in this form. It opens in new/popup window

Url: Links to digital libraries, web resources, web sites etc.

Attention: Resources that open in popup window may be blocked by the security settings of your browser. So, you have to make the appropriate changes to allow popups from this specific URL.

Zip: Compressed file which need less hard disk space and can be transferred quickly to your PCs

Quiz: Several types of tests, usually assessment tests. It's a serie of questions to be answered. Different types of questions are available, like multiple choice, true-false, short answer, etc.). Answers are automatically graded by the system according the rules are set. Questions can be ordered in categories

Assignment: Trainer/teacher can assign projects to students, who have to upload them to the system. Trainer collects and grades the assignments, sends the results with comments.

Forum: Web discussion for all enrolled user to the same course

Glossary: A list with terms and terminology.

Profile

As an authenticated user you can view and edit your profile information. Select your name on the top right corner and in the sub menu select **View profile**

In the next page you see your general information.
